User Agreement Form for the HS/HSL Innovation Space
(*A library patron is required to sign this form*)

I have read, understood, and will comply with the HS/HSL policies, safety precautions, and the notice concerning copyright and other intellectual property restrictions below.

- I have read, understood, and will comply with the HS/HSL policies, safety precautions, and the notice concerning copyright and other intellectual property restrictions below.
- I have completed or will complete the mandatory 30-min orientation before the use of the makerspace.
- I grant permission to the Health Sciences and Human Services Library to livestream my 3D print job online.
- I will NOT use the HS/HSL Innovation Space for for-profit or production work.
- I will use my 3D printed objects only for private study, scholarship, or research.
- **I will NOT use my 3D printed objects for any commercial / business-related purpose or allow any third party to do so.**

Name/Signature ____________________________  Role (Faculty or Student) ____________________________  Date ________________

**Allowed Objects for 3D Printing**

- The library's 3D printers may only be used for lawful purposes. No one is permitted to create material that is:
  - Prohibited by local, state, or federal law.
  - Unsafe, harmful, dangerous, or poses an immediate threat to the well-being of others.
  - Obscene or otherwise inappropriate for the library environment.
  - In violation of another’s intellectual property rights. For example, you cannot reproduce material subject to copyright, patent, or trademark protection.
- Only those who have completed an orientation training session will have hands-on access to the 3D printers.
- The library reserves the right to refuse any 3D print request.
- The library does not guarantee model quality or stability, nor confidentiality of designs. Responsibility for removing rafts and supports is up to the user.
- Items must be picked up by the individual who submitted them, using valid ID. Items not picked up within 7 days after being printed become the property of the library.

**Safety Precautions**

- Do not touch the extruder or the platform during or right after the printing. You may burn yourself.
- All library patrons are responsible for their own safety during 3D printer/scanner and other makerspace equipment use.
- HS/HSL is not responsible for any injury a user inflicts on himself/herself during the use of the makerspace equipment and any copyright breach.

**Notice Concerning Copyright and Other Intellectual Property Restrictions**

- The copyright law of the United States (Title 17, United States Code) governs the making of photocopies or other reproductions of copyrighted material.
• Under certain conditions specified in the law, libraries and archives are authorized to furnish a photocopy or other reproduction. One of these specific conditions is that the photocopy or reproduction is not to be "used for any purpose other than private study, scholarship, or research." If a user makes a request for, or later uses, a photocopy or reproduction for purposes in excess of "fair use," that user may be liable for copyright infringement.

• This institution reserves the right to refuse to accept a copying order if, in its judgment, fulfillment of the order would involve violation of copyright or other intellectual property laws.
